

Summer Reading at ASA is centered around choice. We highly encourage you to choose a book that you want to share with your teachers and peers at an event called the Book Bistro. We will team up with grade bands (5&6) and (7&8) and discuss our books that we read over the summer.

Below you will find some information about your English Language Arts class. Each teacher has selected an overall theme to their curriculum. This, along with some examples of books that represent their theme may help guide your book selection. You can also choose from the books listed!

Please purchase your books from Changing Hands and mention that you are a student at ASA. Not only will you get a discount, but they will donate 10% back to the Book Bistro Club! If you have any questions please contact the middle school department chair, [Ginette Rossi](#), at rossi@goasa.org.
