Exciting Opportunities!

We love to see our alumni come back to Arizona School for the Arts for a visit or even something longer. Right now, we have some situations that might appeal to you. Both Harmony Project Phoenix and Arizona School for the Arts have some new and fulfilling full and part time employment opportunities on the ASA campus assisting the artistic and academic development of our young people. And speaking of our students, the enrollment portal for the 2022-2023 academic year is open.....

1. Arizona School for the Arts is very proud to partner with [Harmony Project Phoenix](#), a research-based multi-year mentoring program for underserved youth, ages 5–18+ that uses music as a means of positive development and social inclusion. Operating under the mission of harnessing the transformative power of music to increase access to higher education, Harmony Project Phoenix inspires children, empowers schools, and transforms communities by providing vital, high-quality music education.

HPP uses the ASA campus three times a week for programming and they are looking for a temporary part-time Site Coordinator to administratively support their students, teachers and mission while they are on our campus. The position would begin immediately and run through December 14, 2021, Mondays and Wednesdays from 4:30-8:30 p.m. and Saturdays from 8:30 a.m.-1:30 p.m. and pays \$18 per hour. To see the full duties and qualifications, please use [this link](#) and if interested in applying, please send your resume and cover letter ASAP to: info@harmonyprojectphx.org

2. ASA is seeking to fill two new positions to support a positive learning environment for our students and provide supervision while a classroom of students works independently on IXL (math intervention/enrichment targeted specifically to individual student's skills) and participate in silent sustained reading (SSR). This dedicated time fits within the academic class schedule allowing students to build skills within their school day. The [Digital Learning Lab Instructor](#) is a part time position requiring full days, 2-3 days per week while the [Digital Learning Lab Instructor/Classroom Aide](#) is a full time position that includes duties as a Classroom Aide and possibly some administrative support and/or substitute teaching. Please read the linked job descriptions, and [apply](#) if you are interested.

3. Arizona School for the Arts is always looking to expand our pool of substitute teachers and what better place to look than among the very people who used to attend ASA? Substitute teachers are an essential part of the continued growth, learning and development of our children. ASA is seeking to create a substitute teacher pool for our community for ALL classes. If you are interested, you can learn more and APPLY ONLINE: <https://goasa.org/work-for-asa/>
4. Do you know a student who would be a great fit for the ASA blend of Arts + Smarts? The [enrollment portal](#) for the 2022-2023 school year opened on October 1st and we are accepting applications for the 5th through 12th grade until February 22, 2022. We are always looking to expand our reach in the community, so even if you do not personally know a young person but are aware of a local youth arts organization with potential Arizona School for the Arts students, please spread the word. As an alum, or parent of an alum, you make the best ambassadors for the ASA experience.
