

Arizona School for the Arts
A COLLEGE PREPARATORY AND PERFORMING ARTS TRADITION

Arts Evaluations & Placement

The goal for the ASA arts program is for the student to gain mastery in a specific arts area. The ASA arts program is based in performing arts and students are placed in classes according to skill rather than age/grade level. ASA offers programs in music, theatre, and dance. Placement in ASA arts classes is based upon availability at each student's performance level.

Any questions about arts programs or audition information should be directed to Monica Anthony, Arts Director (anthony@goasa.org).

Upon acceptance, new students will receive their arts classes by mid-May. All arts classes are assigned for new students based upon the order of receipt of their arts request and their evaluation results. All arts classes at ASA are limited by class size.
