- State data is promptly utilized certify eligible children without an application.

- Ensures that households are aware of negative account balances and the potential to accrue meal debt by contacting the family directly to notify parents of delinquent balances.

Communication regarding unpaid meal debt shall focus primarily on parents or guardians in the household responsible for providing funds for meal purchases. Meal balances are available online.

Prior to contacting households regarding unpaid meal debt, the school nutrition staff shall ensure that the student is not participating in the Supplemental Nutrition Assistance Program (SNAP), the Temporary Assistance for Needy Families (TANF) program, or other federal programs, which would confer categorical eligibility for free school meals, or is not homeless, migrant, or in foster care, and would allow them to be certified without an application.

Any household with a negative school lunch account balance shall be contacted immediately by the Operations Director or the office staff by email, phone, or letter home to provide information on how to apply for free or reduced- price school meals or to add funds to the school nutrition account.

Negative balances must be cleared up before the end of the school year. Notices will continue until the debt has been paid. All positive/negative balances at the end of the school year will carry over to the next school year.
